TEAL CEILING FAN LED

TEAL is a 52-inch diameter 3-blade indoor/outdoor ceiling fan featuring a DC motor for quiet and efficient performance. Available in two stylish finishes—Matte White with a White Stainless Accent Ring or Matte Black with a Nickel Accent Ring—TEAL offers versatile control with the included remote. The fan is equipped with an integrated 1200-lumen LED light kit and offers a color temperature range from 2700K to 6500K. TEAL is designed for use in both indoor and covered outdoor spaces and is compatible with downrod mounting on flat or angled ceilings (up to 18°). Its sleek, non-reversible ABS blades are perfect for spaces up to 350 sq. ft., providing a timeless, elegant addition to any room or patio.
