6WC-BK FAN AND LIGHT WALL CONTROL

6WC-BK is a combo fan speed and light kit wall control that pairs with the MESOS and CIRRUS fans. Functions include 6-speed motor settings, on/off fan control, on/off LED light kit control, direction of fan, natural wind (automatic speeds), and a timer. 6WC-BK controls the fan via a unique radio frequency that is paired at the factory to ensure 6WC-BK only controls the fan it is paired with.

- Residential
- Commercial
- Hospitality

PHYSICAL

Material	PC
Weight	0.28 lbs
Mounting	Wall Mounted (Surface or Recessed) Mounts to 86x86mm Wall Switch Box (Not Included)

ELECTRICAL

Voltage	120V 50/60Hz
Radio Frequency	433.92MHz

COMPATIBLE FANS

MESOS CEILING FAN LED

CIRRUS CEILING FAN
