# SLLE-LV STEP LIGHT LENSED LOW VOLTAGE LED

SLLE-LV is a compact, high-performance low voltage step light with lensed shielding, designed to provide safe and efficient illumination for outdoor spaces. Crafted from durable aluminum and available in three finishes—oil-rubbed bronze, black, and white—it ensures a blend of style and durability in a variety of environments. This 3.5W light features selectable color temperatures of 2700K, 3000K, 3500K, 4000K, and 5000K, offering flexibility to match your desired ambiance. With a 120° beam angle and luminous output of 130-170 lumens, depending on the finish and CCT, the SLLE-LV series is ETL listed for safety and reliability. Its high-quality aluminum construction and adjustable installation options make it a versatile solution for any landscape lighting project.
