AL ACCENT LIGHT LED

The AL is a versatile, high-performance landscape accent light designed to enhance outdoor environments. Featuring a durable aluminum housing and heat-resistant glass lens, it ensures long-lasting reliability in various weather conditions. Available in two finishes—oil-rubbed bronze and black—this 7W light offers selectable color temperatures ranging from 2700K to 5000K, allowing you to customize the ambiance. With a 60° beam angle and 580 lumens of light output, the AL series is ETL listed for safety, and its adjustable knuckle provides flexible installation options for perfect illumination in any landscape.

PHYSICAL
