BOREA-L EXHAUST FAN WITH LIGHT

The 8-inch and 10-inch BOREA Exhaust Fan with Light is designed to combine effective ventilation with customizable lighting options. Featuring a sleek square design, this fan includes a switchable color temperature range of 2700K to 5000K, providing tailored illumination for your bathroom. The durable AC motor ensures reliable, high-performance operation for improved air quality while keeping your space fresh and comfortable. Ideal for residential and commercial applications, this fan offers a practical and aesthetically pleasing solution for your ventilation needs.
